The purchase of this study guide entitles an individual teacher to reproduce pages for use in a classroom. Reproduction for use in an entire school or school system or for commercial use is prohibited. Beyond the classroom use by an individual teacher, reproduction, transmittal or retrieval of this work is prohibited without written permission from the publisher.

#### For the Teacher

This reproducible study guide consists of lessons to use in conjunction with the book *The House With a Clock in Its Walls*. Written in chapter-by-chapter format, the guide contains a synopsis, pre-reading activities, vocabulary and comprehension exercises, as well as extension activities to be used as follow-up to the novel.

In a homogeneous classroom, whole class instruction with one title is appropriate. In a heterogeneous classroom, reading groups should be formed: each group works on a different novel on its reading level. Depending upon the length of time devoted to reading in the classroom, each novel, with its guide and accompanying lessons, may be completed in three to six weeks.

Begin using NOVEL-TIES for guided reading by distributing the novel and a folder to each child. Distribute duplicated pages of the study guide for students to place in their folders. After examining the cover and glancing through the book, students can participate in several pre-reading activities. Vocabulary questions should be considered prior to reading a chapter or group of chapters; all other work should be done after the chapter has been read. Comprehension questions can be answered orally or in writing. The classroom teacher should determine the amount of work to be assigned, always keeping in mind that readers must be nurtured and that the ultimate goal is encouraging students' love of reading.

The benefits of using NOVEL-TIES are numerous. Students read good literature in the original, rather than in abridged or edited form. The good reading habits will be transferred to the books students read independently. Passive readers become active, avid readers.

## **Questions:**

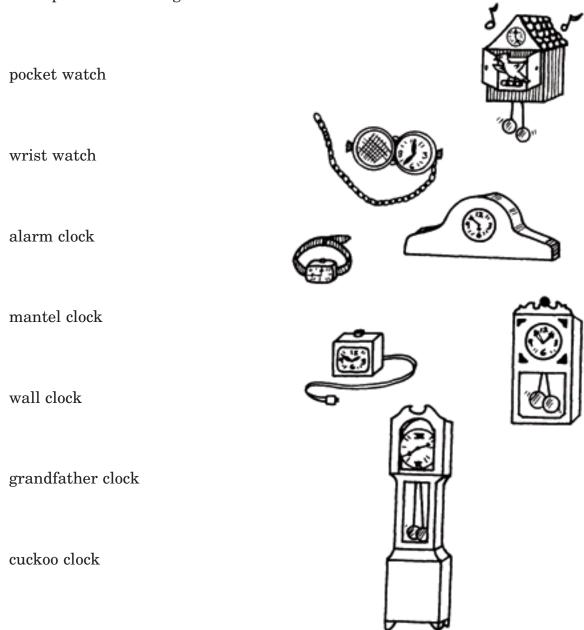

- 1. Why was Lewis going to live with his uncle? What questions were on his mind as the bus approached New Zebedee?
- 2. Describe Uncle Jonathan's house. What did Lewis like about it?

LEARNING LINKS 3

### Chapter 1 (cont.)

#### **All Kinds of Clocks:**

Clocks come in many shapes and sizes. Draw a line from each kind of clock on the left to its picture on the right.

#### **Art Connection:**

Clocks may come in fanciful shapes and sizes. Draw a picture of a clock with a fantastic design of your own invention. Be creative, but make sure it could function as an instrument to tell time.
