Suggestions For Using Activities

Pre-Reading Activities – Before You Read

These activities are designed to activate children's prior knowledge and build concepts or background information. They will motivate children to read and help them to understand the story better. Children can discuss answers to the questions with a partner, in a small cooperative learning group, or with the entire class.

Word Study - Let It Snow!

The Snowy Day contains many compound words that begin with the word snow. On this page, children are introduced to the concept of compound words. Then they combine word and picture clues to form compounds that they use to complete a letter describing snowy day fun.
