Don't Skip This Introduction xix

CHAPTER 1 The Microscopic Basis of Neuroanatomy 1

Clinical Notes 4

Multiple Sclerosis 5

CHAPTER 2 The Macroscopic Basis of Neuroanatomy 7

Five Parts of the Brain 7

Telencephalon 7

Diencephalon 9

Mesencephalon 9

Metencephalon (Pons and Cerebellum) 11

Myelencephalon (Medulla Oblongata) 11

Spinal Cord 11

Clinical Notes 12

CHAPTER 3 Pain and Temperature Pathway from the Extremities and Trunk 13

Accessory Details 13

Clinical Notes 15

Referred Pain 15

Phantom Limb 16

Syringomyelia 16

Diagnostic Tests 16

Pain 16

Temperature 16

Historical Notes 16

CHAPTER 4 Pathway for Pressure and Simple (Crude) Touch from the Extremities and Trunk 19

Clinical Notes 19

Diagnostic Test for Simple Touch 20

CHAPTER 5	Pathway for Proprioception, Fine (Discriminatory) Touch, and Vibratory Sense from the Extremities and Trunk	21
	Clinical Notes	21
	Diagnostic Tests	23
	Historical Notes	23
CHAPTER 6	Sensory Pathways from the Face and Related Areas	25
	Pain and Temperature Pathway	25
	Pressure and Touch Pathway	27
	Proprioception Pathway	27
	Accessory Details	27
	Clinical Notes	27
	Trigeminal Neuralgia	28
	Headache	28
CHAPTER 7	Pathway for Voluntary Muscle Activity	31
	Details	33
	Cerebral Localization	33
	Suppressor Part of the Pyramidal Tract	33
	Clinical Notes	33
	Lower Motor Neuron Paralysis	33
	Upper Motor Neuron Paralysis	34
	Cerebral Palsy	35
	Amyotrophic Lateral Sclerosis (Lou Gehrig's Disease)	35
	Historical Notes	36
CHAPTER 8	Pathway to Voluntary Muscles of the Head	37
	Clinical Notes	39
	Upper Motor Neuron Lesions	39
	Lower Motor Neuron Lesions	39
CHAPTER 9	Subcortical Motor Areas	41
	Clinical Notes	43
	Parkinson's Disease	43
	Huntington's Chorea	45
	Hemiballismus	45
	Accessory Details	45
CHAPTER 10	The Vestibular System	47
	Vestibulocerebellar Connections	47
	Vestibulospinal Tracts	48
	Vestibuloocular Connections	50
	Vestibulocortical Connections	50
	Accessory Pathway	50
	Clinical Notes	50
	Nystagmus	50
	Vertigo	51

CHAPTER 11 The Cerebellum and Its Pathways 53

- Spinocerebellar Pathways 53
- Vestibulocerebellar Tract 55
- Corticopontocerebellar Tracts 55
- Feedback Pathways 55
- Clinical Notes 58

CHAPTER 12 The Autonomic Nervous System 59

- The Sympathetic Nervous System 59
 - Accessory Details 61
- The Parasympathetic Nervous System 62
 - General Anatomic Plan 62
 - Specific Details 62
 - Accessory Details 65
- Clinical Notes 65

CHAPTER 13 Cranial Nerves 67

- Oculomotor Nerve (III) 69
 - Clinical Notes 70
- Trigeminal Nerve (V) 70
 - Clinical Notes 71
- Facial Nerve (VII) 71
 - Clinical Notes 73
- Glossopharyngeal Nerve (IX) 74
 - Clinical Notes 75
- Vagus Nerve (X) 75

CHAPTER 14 The Auditory Pathway 81

- Accessory Details and Clinical Notes 81

CHAPTER 15 Visual Pathways and Optic Reflexes 85

- Visual Pathways 85
 - Clinical Notes 85
- Optic Reflexes 87
 - Clinical Notes 87

CHAPTER 16 The Olfactory and Limbic Systems 91

- Olfactory System 91
- Limbic System 93
- Clinical Notes 93
- Diagnostic Tests 94

CHAPTER 17 The Reticular System 95

- Descending Reticular Formation 95
- Ascending Reticular Formation 97
- Clinical Notes 97

Concussion 97
Stupor 98
Coma 98

CHAPTER 18 The Hypothalamus 99

Heat Regulation 99
Water Balance (Osmoregulation) 101
Hypothalamic Control of Hormone Secretion from the
Anterior Lobe of the Pituitary 103
Hypothalamic Discharge in Emotional States 103
Clinical Note 104

CHAPTER 19 The Cerebral Cortex 105

Sensory (Receptor) Aphasia 106
Motor Aphasia (Verbal Aphasia) 108
Apraxia 108
Agnosia 108

CHAPTER 20 The Meninges 109

Clinical Notes 111

CHAPTER 21 Blood Supply to the Brain 113

Arterial Supply 113
Venous Drainage 115
Clinical Notes 116

CHAPTER 22 Cerebrospinal Fluid and the Ventricular System 117

Clinical Notes 119
Hydrocephalus 119
Spinal Tap (Lumbar Puncture) 119
Increased Intracranial Pressure 120

**CHAPTER 23 Pathologic Conditions
of the Central Nervous System 121**

Vascular 121
Cerebrovascular Accident 121
Rupture of Aneurysm 122
Hemorrhage from Arteriovenous Malformation 122
Transient Ischemic Attack 122
Reversible Ischemic Neurologic Deficit 123
Intraventricular Hemorrhage 123
Infectious 123
Bacterial Infections 123
Viral Infections 125
Spongiform Encephalopathies 127
Fungal Infections 128
Traumatic 128
Autoimmune 128
Myasthenia Gravis 128

	Neuromuscular Blocking Agents	129
	Reye's Syndrome	129
	Acute Polyneuritis, or Guillain-Barré Syndrome	130
	Demyelinating Diseases	130
	Metabolic	130
	Phenylketonuria	130
	Tay-Sachs Disease	131
	Gaucher's Disease	131
	Wilson's Disease	131
	Idiopathic and Degenerative	131
	Epilepsy	131
	Alzheimer's Disease	133
	Parkinson's Disease	134
	Neoplastic	134
	Substance Abuse and Toxins	136
	Alcohol	136
	Marijuana and LSD	136
	Cocaine	137
	Heroin	137
	Other Toxins	137
	Congenital	138
	Spina Bifida	138
	Anencephaly	138
	Congenital Rubella	138
	Other Conditions of Uncertain Origin	138
	Anorexia Nervosa	138
	Stammering	139
	Dyslexia	139
	Mental Retardation	139
CHAPTER 24	Fragile-X Syndrome, Autism, and Attention-Deficit/Hyperactivity Disorder	141
	Fragile-X Syndrome	141
	Autism	142
	Attention-Deficit/Hyperactivity Disorder	143
APPENDIX A	Special Neuroanatomic Glossary	145
APPENDIX B	Atlas of the Brain	153
APPENDIX C	Clinical References for Cerebrospinal Fluid (CSF) Values	167
APPENDIX D	Dermatome Maps	171
APPENDIX E	Muscle Actions and Their Innervation	175
APPENDIX F	Summary of Cranial Nerves: Innervation (by Functional Fiber Type) and Principal Clinical Signs	185

APPENDIX G	General Functions of Selected Regions of the Telencephalon and Diencephalon	189
APPENDIX H	Atlas of Normal and Pathologic Computed Tomography Scans of the Brain	193
	<i>Rina Tadmor, MD</i>	
APPENDIX I	Normal and Pathologic Magnetic Resonance Imaging of the Brain	201
	<i>Rina Tadmor, MD</i>	
APPENDIX J	Essentials of the Neurologic Examination	211
APPENDIX K	Self-Examination Drawing Plates	217
APPENDIX L	Sample Examination Questions and Tips on Taking a Practical Laboratory Examination	237
APPENDIX M	Sample Self-Assessment Clinical Presentations	255
APPENDIX N	Medical Trivia and Great Discoveries in Medicine	267
APPENDIX O	Principles of Basic Cardiopulmonary Resuscitation and Initial Management of Head Injury	281
	References	289
	Index	293
