

"YOUR COUNTRY NEEDS
YOU"

World War I began in the
summer of 1914. Britain went
to war with Germany.

The men of Britain were asked
to fight for their king and country.

Thousands of men signed up.

Many young men wanted to go
to the battlefields in France.

They thought it would be
an adventure.

**They could not imagine
the horror of the
battlefields ...**

BANG BOOM

The ground shakes.

My ears feel like they
will explode!

BANG
BOOM

The night sky glows with smoke and fire.
My ears feel like they will explode.

I wish I was back in England.
I wish I was back in the garden.
I wish I could hear a bird sing.
