JANE GARDNER

Out of milk?

Need new clothes?

Time to go shopping!

We all have to shop.

We shop for things we need.

And for things we want.

It can cost a lot.

Each thing you buy adds up.

But you can save money  
when you shop.

How? With **coupons!**

There are **digital coupons** too.

People find them online.

Then they print them.

Or download them.

Coupons are in many places.

You just have to know where to look.

And when to use them.

# GET THE DEAL

A black and white photograph of a shopping cart against a corrugated metal wall. The text "GET THE DEAL" is overlaid in a distressed, white font. The cart is empty and positioned in the foreground, with its wheels and handle visible. The background is a wall with horizontal ridges. The overall aesthetic is gritty and industrial.

PJ GRAY

Jack's mom always looked for a deal. She liked to clip coupons. She liked to save money.

But Jack did not care about that. He had better things to do. He liked to hang out with friends. He played sports at school.

But soon school was over. Jack got his diploma. He got a job. He got his own place.

Jack was happy. He had bills to pay. He had to shop. But he could get what he liked to eat. He could do what he liked to do.
