Inchy's Adventure

Name _____

Listen to the story. Then cut the pictures apart. Put the pictures in order and retell the story. Don't forget to use a good CH sound.

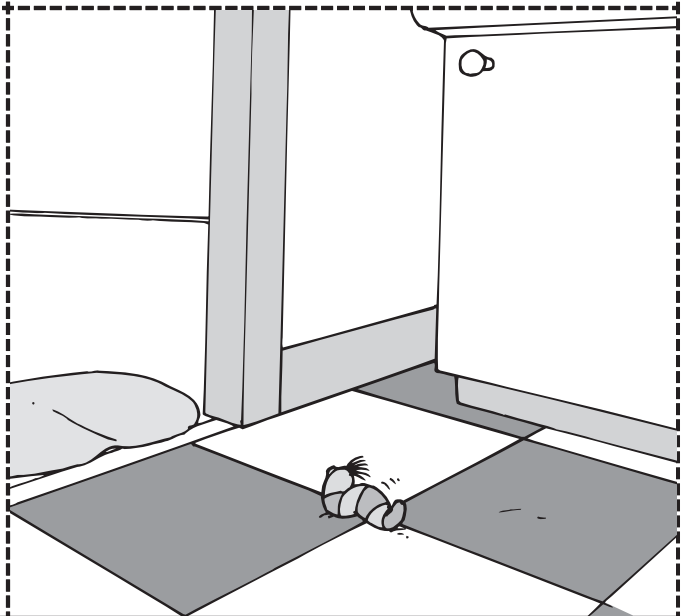

Inchy the Inchworm was on an adventure. He wanted to see what the kitchen looked like. He cheerfully began to crawl across the kitchen floor.

It was an interesting adventure for Inchy. He had to climb over two checkers and go around a lunch box.

When he was hungry, he found a piece of cheese on the floor. He chewed it all up.

Inchy slowly made his way across the floor, inch by inch. When he got across the kitchen, he cheered. What a great adventure for Inchy!
