

When you are a good helper,
it brightens everyone's day
because it makes things easier
for everyone!

Being a good helper
shows that you are growing up
and learning to do lots of things
all by yourself.
That makes you feel proud!

It's fun to be a helper and do your share.

Make it a Sunshine Day. Be a helper!

What should you do during the day
when things get messy?

You should help clean up!

Why?

Because cleaning up messes shows that you are being a good helper and doing your share to keep everything tidy and clean!
