# It's Fun Following the Rules

I love going to school. School is fun, especially when everyone follows some important rules.

# Rule 1

Walk in a nice line. Do we run during school? No, no, no, that's not cool! We could fall and get hurt.

## Rule 2

Keep your hands and feet to yourself.  
Do we touch or hit others? No, no, no,  
that's not cool! Do we tramp on or kick  
others? Oh no, that's not cool!

## Rule 3

Use your indoor voice. Do we shout or talk loudly? No, no, no, that's not cool!

## Rule 4

Ask politely for what you want. Do we scream and cry? No, no, no, that's not cool! We use our words or pictures. Do we use bad words or call people names? We do not!

## Rule 5

Raise your hand if you have something to say. Do we interrupt? Oh no, that's not cool! We wait patiently for our turn.

## Rule 6

Listen to your teacher. Do we say no to the teacher? Oh, that's definitely not cool! We always listen to the teacher and say OK. If we follow the rules, everyone is happy.

# Voice-0-Meter

# Visiting the Fire Station

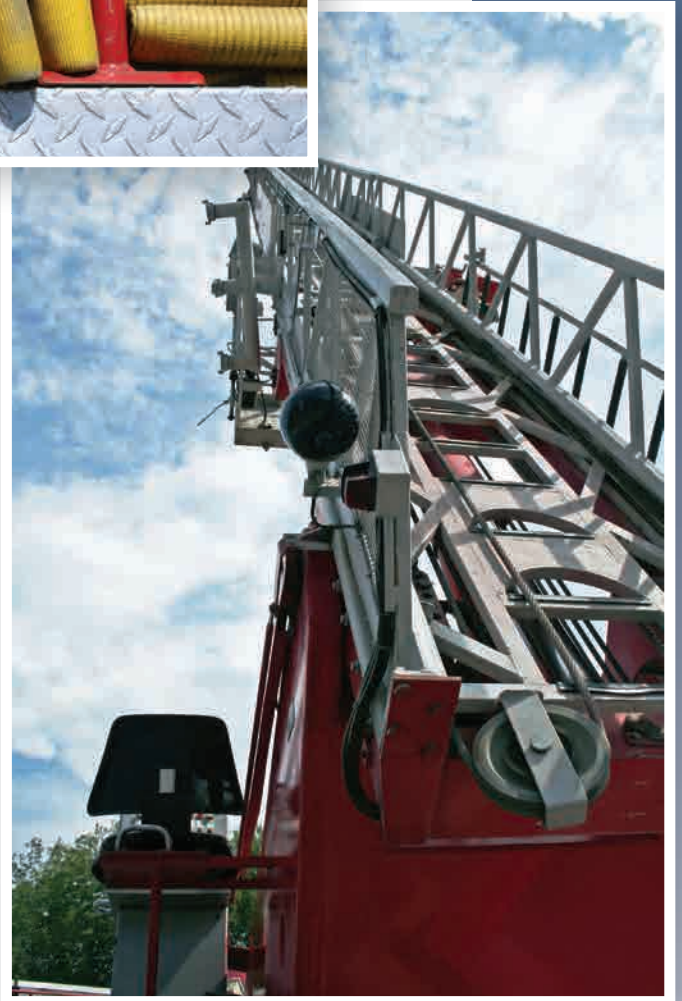

When I grow up, I want to be a firefighter. One day Mom said, "Let's go visit a real fire station and see a real firefighter!"

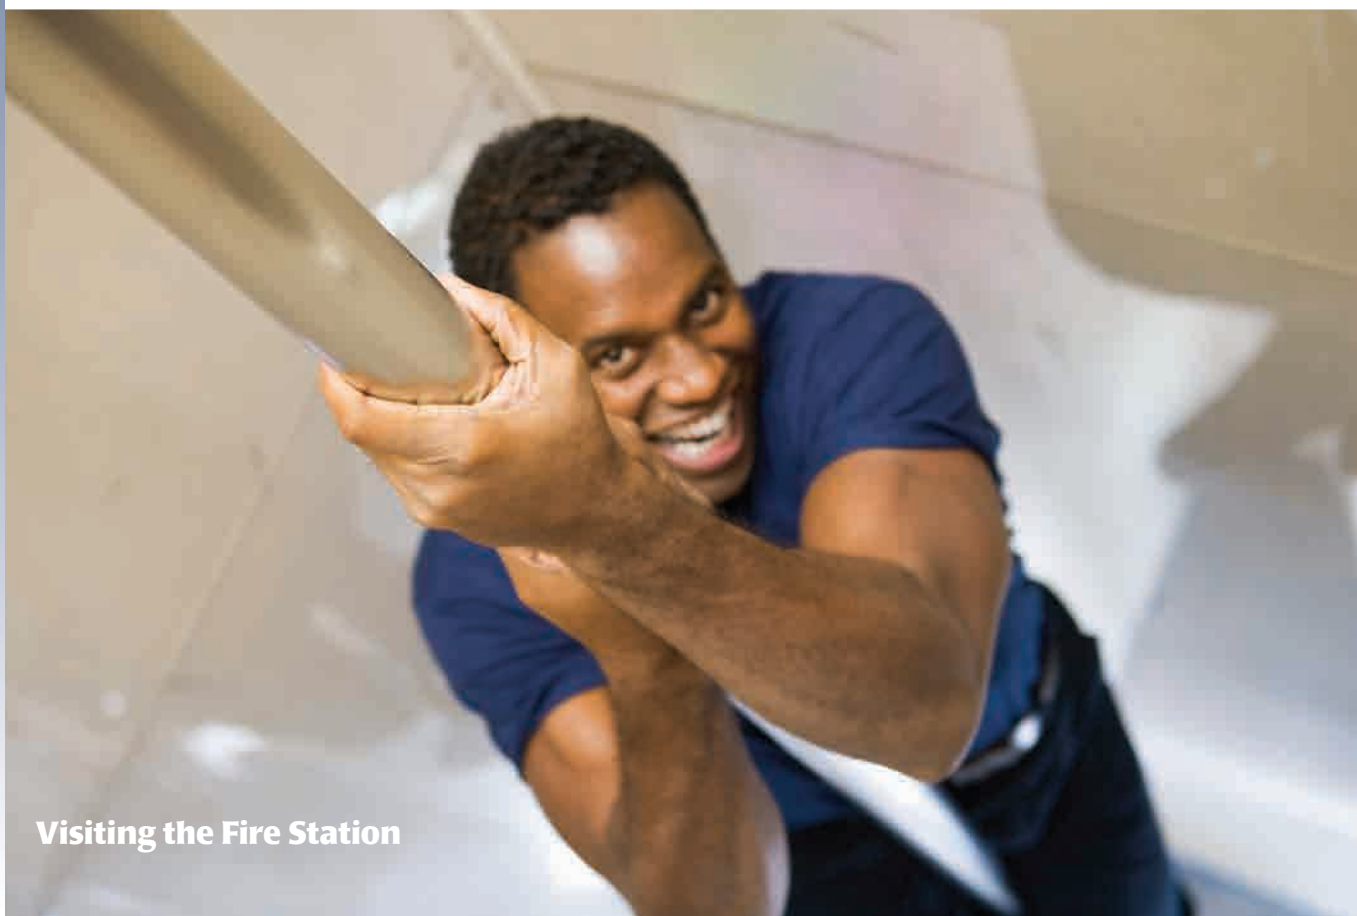

At the fire station we met a firefighter standing by a big fire engine. She showed us the fire hose, ladder, and ax.

She showed us boots, gloves, and a fire hat. After that, she showed us the pole firefighters slide down.

Then she said, “When the alarm goes off, it is loud, but just be calm.” When our school alarm goes off, my teacher says, “Be calm and walk out in a quiet line.” She warns us not to pull the alarm unless there is a fire!

The firefighter told us some important rules:

## Rule 1

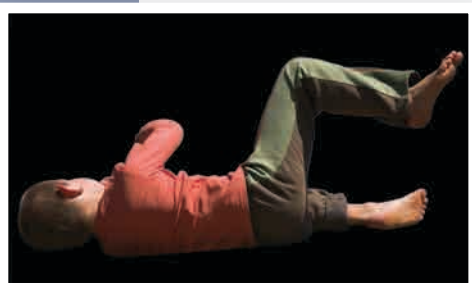

Don't EVER touch a hot stove.

## Rule 2

Don't EVER play with matches or lighters.

## Rule 3

If someone is on fire, they should STOP, DROP, and ROLL!

When we were done, the firefighter let me try on her hat. On the way home I told Mom, "When I grow up, I think I might want to be a . . . police officer!"

# What did you learn?

1

We visited a real \_\_\_\_\_ station.

police

fire

train

2

A \_\_\_\_\_ showed us the fire hose.

janitor

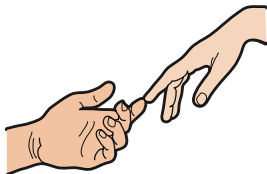

police officer

firefighter

3

The firefighter told us never to \_\_\_\_\_ a hot stove.
