

# TABLE OF CONTENTS

---

|  |    |
|--|----|
| <b>Introduction .....</b>  | 5  |
| <b>Chapter 1: Voice Production—Anatomy and Physiology .....</b>  | 6  |
| Overview of Laryngeal Anatomy .....                              | 6  |
| Overview of Respiration and Voice Production .....               | 12 |
| Neurologic Control of Voice Production .....                     | 16 |
| Functions of the Larynx .....                                    | 17 |
| Overview of Vocal Fold Vibration Theories .....                  | 18 |
| <b>Chapter 2: Voice Evaluation .....</b>                         | 20 |
| The Voice Team .....   | 20 |
| Case History .....   | 20 |
| Behavioral Voice Assessment .....                                | 21 |
| Functional Voice Assessment .....                                | 25 |
| Non-Instrumental Assessment .....                                | 33 |
| Vocal Tract Visualization .....                                  | 34 |
| Clinical Report Writing .....                                    | 37 |
| Protocol for Voice Evaluation .....                              | 38 |
| Case History Form .....  | 39 |
| Effects of Medication on Voice/Speech .....                      | 41 |
| Consensus Auditory-Perceptual Evaluation of Voice (CAPE-V) ..... | 42 |
| Voice Handicap Index (VHI) .....                                 | 43 |
| Rainbow Passage .....  | 44 |
| Consent to Perform Videostroboscopy .....                        | 45 |
| Protocol for Videostroboscopy .....                              | 46 |
| Voice Evaluation Report .....                                    | 47 |
| ICD-9 Codes .....  | 49 |
| <b>Chapter 3: Voice Disorders and Vocal Pathologies .....</b>    | 50 |
| Functional Voice Disorders .....                                 | 52 |
| Neurological Voice Disorders .....                               | 59 |
| Organic Voice Pathologies .....                                  | 63 |
| Gastro-Esophageal Reflux Disease (GERD) .....                    | 74 |
| LPR/GERD Handout .....   | 76 |
| Neurological Conditions Affecting the Voice .....                | 77 |
| Upper Motor Neuron (UMN) Lesions .....                           | 77 |
| Lower Motor Neuron (LMN) Lesions .....                           | 78 |
| Mixed UMN/LMN Lesions .....                                      | 79 |
| Basal Ganglia Lesions .....                                      | 80 |
| <b>Chapter 4: Treatment .....</b>                                | 85 |
| Vocal Hygiene .....  | 85 |
| Vocal Hygiene Patient Questionnaire .....                        | 87 |
| Vocal Hygiene Modification List .....                            | 88 |

|   |     |
|---|-----|
| Theories and Approaches .....                                     | 90  |
| Confidential Voice Therapy .....                                  | 90  |
| Resonant Voice Therapy .....                                      | 90  |
| Vocal Function Exercises .....                                    | 91  |
| Laryngeal Massage .....   | 91  |
| Accent Method .....   | 91  |
| Lee Silverman Voice Treatment (LSVT) .....                        | 91  |
| Other Techniques .....  | 91  |
| Therapy Exercises/Tasks .....                                     | 93  |
| Physical Exercises .....  | 94  |
| Respiration Exercises .....                                       | 104 |
| Phonation Exercises .....   | 114 |
| Resonance Exercises .....   | 125 |
| Oral Resonance Exercises .....                                    | 130 |
| Recommendations for Teachers .....                                | 133 |
| Terminology for the Singing Voice .....                           | 134 |
| Care of the Singing Voice .....                                   | 135 |
| Example Treatment Plans .....                                     | 136 |
| <br><b>Chapter 5: Head and Neck Cancer and Laryngectomy</b> ..... | 140 |
| Oral Cancer .....   | 140 |
| Facts .....   | 140 |
| Symptoms .....  | 141 |
| Diagnosis .....   | 141 |
| Treatment .....   | 141 |
| Laryngeal Cancer .....  | 142 |
| Facts .....   | 142 |
| Diagnosis .....   | 145 |
| Treatment .....   | 145 |
| Laryngectomy Facts for the Patient .....                          | 151 |
| Evaluation and Counseling .....                                   | 153 |
| Rehabilitation .....  | 154 |
| Esophageal Speech .....   | 155 |
| Tracheoesophageal Speech .....                                    | 156 |
| Pros and Cons of Speech Options .....                             | 159 |
| Social Phrases for Alaryngeal Speaking Practice .....             | 160 |
| Multisyllabic Words .....   | 161 |
| Troubleshooting Chart for TEP and Prosthesis Problems .....       | 162 |
| <br>Glossary .....  | 163 |
| <br>Resources .....   | 167 |
| Manufacturers and Distributors .....                              | 167 |
| Organizations and Support Groups .....                            | 169 |
