

# Subject Index

## A

- Academic achievement  
assessment of, 92  
of students with emotional/behavioral disorders, 111  
of students with hearing loss, 266–267  
of students with physical and health disabilities, 152–153  
of students with specific learning disabilities, 89–90
- Accelerated classes, 177
- Acceleration, 169
- Accommodations  
for assessments, 27–28  
for students with hearing loss, 281  
for students with learning disabilities, 98, 100–101  
for students with physical and health disabilities, 164–165
- Accountability, 370–372
- ADA. *See* Americans with Disabilities Act of 1990 (ADA)
- Adaptive behavior  
assessment of, 235  
limitations in, 237–238
- Adaptive Behavior School-School (ABS-S), 235
- Adaptive technologies, 358
- Adequate yearly progress (AYP), 372
- Adults with disabilities  
discrimination against, 67  
employment for, 69–70  
legal issues and, 66  
living environments for, 71–72  
person-centered planning and, 68  
postsecondary education for, 70  
quality of life for, 73–74  
recreational services for, 72–73  
self-advocacy and, 68–69  
self-determination in, 68  
supports for, 67–68  
transition plans for, 65–66
- Adventitious blindness, 286
- Advocacy, family, 65
- African Americans, 36, 38
- AIDS. *See* HIV/AIDS
- Albanism, 290
- Algebra problem solving, 213
- Alternate assessment  
elements of, 328–329  
function of, 329–330  
research on, 330–331
- Amblyopia, 290
- American Association on Mental Deficiency (AAMD), 227
- American Association on Mental Retardation (AAMR), 227–228, 234
- American Asylum for the Deaf, 6
- American Foundation for the Blind, 302
- American Printing House for the Blind, 293, 302
- American Sign Language (ASL), 274, 275, 278
- Americans with Disabilities Act of 1990 (ADA)  
adults with disabilities and, 66  
enforcement of, 67  
explanation of, 11–12
- Anchored instruction, 354
- Appropriate education, 25
- Articulation disorders  
explanation of, 130–131, 133  
theories on, 139
- ASD. *See* Autism spectrum disorders (ASD)
- Asian Americans, 36
- Asperger Syndrome (AS), 247–249. *See also* Autism spectrum disorders (ASD)
- Assessment  
accommodations for, 27–28  
alternate, 328–331  
authentic, 189–190  
functional behavioral, 116–117  
of gifted and talented students, 174  
Individuals with Disabilities Education Act and, 41–42  
informal, 93, 188–189  
reading, 202–203  
standardized, 92–93, 188  
of students with communication disorders, 138–139  
of students with emotional/behavioral disorders, 115–117  
of students with hearing loss, 270–274  
of students with learning disabilities, 92–93  
of students with physical and health disabilities, 159–160  
of students with visual impairments, 292–293
- Assessment of Social Competence (ASC), 235
- Assisted living, 71
- Assistive technology  
considerations regarding use of, 343–345  
definitions of, 341–342  
for students with hearing loss, 277, 280–281, 300–301  
for students with learning disabilities, 101

- types of, 101
  - for visually impaired students, 298–299
  - Asthma, 158
  - Astigmatism, 289
  - Ataxia, 155
  - Athetosis, 155
  - Attention, mental retardation and, 236, 240–241
  - Attention deficit/hyperactivity disorder
    - environmental stimuli and students with, 153
    - explanation of, 156–157
    - instructional priorities for students with, 163
  - Attitudinal access, 165
  - Audiologists, 270–271
  - Augmentative or alternative communication (AAC) devices
    - for students with communication disorders, 143
    - for students with physical and health disabilities, 154
  - Authentic assessment, 189–190
  - Authentic experiences, 274–275
  - Autism
    - characteristics of, 248, 249
    - learning needs of students with, 22
  - Autism spectrum disorders (ASD)
    - assessment of students with, 251
    - case studies of, 247–248
    - causes of, 250–251
    - characteristics of, 248–250
    - explanation of, 247, 248
    - general education curriculum and classroom settings for, 253–255
    - research-based interventions for, 251–253
  - Automaticity, 196
- B**
- Bacterial meningitis, 269
  - Behavior
    - externalizing, 112
    - internalizing, 112
    - of students with emotional/behavioral disorders, 111–112
  - Behavioral disorders. *See* Emotional/behavioral disorders (EBD)
  - Behavioral interventions, 97–98
  - Bi-Bi model, 274
  - Bilateral hearing loss, 263
  - Biological risk factors, 60–61
  - Blindness, 285–286. *See also* Visual impairments
  - Blind students, 6. *See also* Visually impaired students
  - Boehm Test of Basic Concepts, 292
  - Braille, 292, 294–295
  - Braille books, 301
  - Braille embosser, 300
  - Braille notetaker, 301
  - Braillewriter, 295, 301
  - Brain development/structure
    - autism spectrum disorders and, 250
    - learning disabilities and, 90–91
  - Brigance Diagnostic Inventory of Basic Skills, 189
  - Brown v. Board of Education*, 8, 35
  - Building-based teams, 380
- C**
- Categorical, 15
  - Center for Applied Special Technology (CAST), 316, 345
  - Cerebral palsy (CP), 155
  - Certified orientation and mobility specialists (COMS), 290, 291, 296
  - Challenged, 15
  - Chemicals, toxic, 233–234
  - Child Behavior Checklist, 115
  - Clerc National Deaf Education Center (Gallaudet University), 275
  - Closed-circuit television (CCTV), 300
  - Cochlear implants, 272
  - Code-switching, 46
  - Cognitive and developmental disabilities. *See also* Developmental disabilities; Mental retardation (MR)
    - case studies of, 225–226
    - instructional technology for students with, 358
    - overview of, 225–227
  - Cognitive-behavioral interventions, 121, 122
  - Commission on Education of the Deaf (COED), 273, 276, 281
  - Communication
    - assessment of, 273
    - autism spectrum disorder and, 249
    - explanation of, 128
    - language concepts and, 128–129
    - nonverbal, 128
    - students with hearing loss and, 273, 277–281
    - total, 279
    - visually impaired students and, 287–288, 294–295
  - Communication delays, 129
  - Communication disorders. *See also* Language disorders; Mild to moderate disabilities; *specific communication disorders*
    - assessment and evaluation of students with, 137–139
    - case study of, 127–128
    - explanation of, 129–130
    - general education curriculum and settings for students with, 140–143
    - language disorders and, 132–137
    - overview of, 127
    - research-based intervention and best practices for students with, 139–140
    - service delivery options and, 140, 141
    - speech disorders and, 130–132
    - technology applications for students with, 143–144
  - Community-based instruction (CBI), 314
  - Competitive employment, 69
  - Comprehensive Test of Phonological Processing (CTOPP), 93
  - Computer-assisted instruction (CAI), 349
  - Computers, 280
  - Concomitant traits, 173
  - Conflict resolution programs, 118–119
  - Congenital blindness, 286
  - Congenital cataract, 290
  - Congenital glaucoma, 290
  - Consortium on Reading Excellence (CORE), 202–203
  - Consultative teams, 380
  - Content-enhancement strategies, 100
  - Cooperative learning
    - advantages of, 325

- factors to consider for, 327–328
    - group work vs., 325–327
    - organization of, 325–326
    - research on, 328
  - Cortical visual impairment (CVI), 290
  - Co-teaching, 380
  - Council for Exceptional Children (CEC), 376, 383
