A Note About Terminology xi

CHAPTER

1

Introduction 1

- 1 The Motivation for a Book on the Management of Cluttering
- 2 Introduction to the Treatment of Cluttering
- 5 How This Treatment Manual Is Organized

CHAPTER

2

The Assessment of Cluttering 7

- 7 Rationale for Our Assessment Procedures
- 7 Related Difficulties in the Assessment of Cluttering
- 8 Fundamentals of Assessment Procedures
- 10 LCD Factors and Cluttering Assessment
- 14 Non-LCD Factors and Cluttering Assessment
- 15 Some Further Considerations
- 16 Differential Diagnosis of Cluttering and Stuttering
- 17 Concluding Comments

CHAPTER

3

Treatment: General Principles 19

- 19 Principle 1: Foundations must be built
- 20 Principle 2: Clients must buy in to the rationale
- 21 Principle 3: Caregivers and significant others must buy in to the rationale
- 22 Principle 4: Activities must be functional
- 22 Principle 5: Reminders must be natural
- 23 Principle 6: Reinforcers must be natural
- 24 Principle 7: Motivation must be internal
- 24 Principle 8: Stuttering, in addition to cluttering, may need to be treated

CHAPTER

4

Treatment Activities for the School-Age Child 27

- 27 Activity 1: Building a strong foundation
- 29 Activity 2: The “how’s” and “what’s” of speech
- 31 Activity 3: The scientific experiment
- 33 Activity 4: Changing how I say it
- 35 Activity 5: Changing what I say
- 37 Activity 6: Putting the “what’s” and “how’s” together
in solution-based flowcharts
- 39 Activity 7: Becoming a communication detective
- 42 Activity 8: Developing self-regulation
- 44 Activity 9: Organizing what I write
- 47 Activity 10: Organizing what I say

CHAPTER

5

**Treatment Activities for the School-Age Child Who
Is Cluttering and Stuttering 51**

- 51 Activity 1: How are my cluttering and stuttering different?
- 52 Activity 2: How do my cluttering and stuttering work together?
- 53 Activity 3: What stuttering strategies can help?
- 54 Activity 4: Deciding what strategies to use when
- 55 Activity 5: Putting it all together for carryover
- 57 Special Considerations for the School-Age Population

CHAPTER

6

**Treatment Activities for Adolescents
and Adults 59**

- 59 Activity 1: Identifying the issues using video—Knowledge is power
- 63 Activity 2: Speech rate control—Establishing a base speech rate
- 65 Activity 3: Speech rate control—Changing gears to suit the terrain
- 67 Activity 4: Cancellations and pull-outs—Managing moments of cluttering
- 69 Activity 5: Identifying speech and language aspects of non-fluency
- 71 Activity 6: Normal non-fluencies in cluttering
- 73 Activity 7: Discourse and adjusting language content
- 75 Activity 8: Conversational skills
- 77 Activity 9: Writing—Improving accuracy and intelligibility
- 79 Activity 10: Becoming one’s own clinician—Planning for the future

CHAPTER

7

Treatment Activities for Adolescents and Adults Who Clutter and Stutter 81

- 81 Activity 1: The identification of cluttering and stuttering components in adolescents and adults who clutter and stutter
- 82 Activity 2: How stuttering and cluttering work together
- 83 Activity 3: Cluttering therapy for those who also block
- 85 Activity 4: Cluttering therapy for those with a repetitive-type stutter
- 87 Activity 5: Assembling all the components

CHAPTER

8

Treatment Considerations With Special Populations 89

- 90 Cluttering and Autism Spectrum Disorders: Principles of Engagement
- 91 Cluttering and Attention-Deficit/Hyperactivity Disorder: Principles of Self-Regulation
- 93 Cluttering and Other Learning Disabilities: Principles of Organization and Processing
- 95 Cluttering and Individuals With Low Cognitive Ability: Keeping It Simple
- 95 Cluttering and Gifted Individuals: Knowledge Is Power
