

Chapter 5

Rox the Fox tells his fans that he plans to spend the gift on plants for kids in Dunn Hill.

The press at the fest asks him to pick a spot for the plants.

He thinks for a bit.

Then he claps. "Log Ranch is the best spot for the kids. And, that is the best spot for the plants."

He thinks he can get 500 plants for \$1000 and plant them in Log Ranch next spring.

The press tells the rest of Dunn
Hill of Rox the Fox's plans.

Chapter 6

In the next spring in Dunn Hill, Rox the Fox tends to his plants.

He gets to the tasks on his 'to do' list.

But last spring, he did not add to 'plant for the kids in Log Ranch' to this list.

And the check still sits on a shelf.

In the end, he skips to get 500 plants with the gift.

This spring, things are not well

for Rox the Fox's plants, shrubs
and grass.

A lot of bugs are on the plants.

Spring brings the ants to plants.
But it is a lot of ants this spring.

That is bad for the plants.

Plus, it is not just ants that dwell
on the plants.

A lot of pests snuck in as well.

Rox the Fox must get rid of the
pests.
